PROFILE

Full-stack web developer with 3+ years of hands-on experience building scalable applications using TypeScript, React, Node.js, PostgreSQL, and MongoDB. Adept at building both client- and server-side features in real-world production systems. Known for writing clean, maintainable code, collaborating in agile teams, contributing to open source projects, and mentoring junior/aspiring developers through a course program. Passionate about clean code, scalable design, and continuous learning.

WORK EXPERIENCE

UpLeveled GmbH 2022 - JUNE 2025
Full-Stack Web Developer Vienna, Austria

- Developed and maintained internal tools and production systems using React, Next.js, Node.js, and PostgreSQL.
- Designed and implemented RESTful and GraphQL APIs for data exchange between front-end and back-end systems.
- Trained and mentored junior/aspiring developers on different technologies as part of UpLeveled's full-stack immersive web development bootcamp.

Freelance 2017 - 2021
Digital Marketer Austria, Remote

- Developed and executed digital marketing strategies for farmers in Upper Austria, including SEO, PPC, and social media marketing.
- Provided ongoing support and maintenance for client websites

Freelance 2015 - 2017
Wordpress Developer Austria, Remote

- Designed and developed custom WordPress websites for small businesses and startups.
- Utilized Elementor and pre-built templates to create visually appealing and functional websites
